The IPA III CBC programme(-s) in relation to EU-IPA beneficiaries common policy: The Economic Investment Plan & Green Agenda

2021-2027 CBC Programme

Bosnia and Herzegovina – Montenegro

IPA CROSS - BORDER COOPERATION PROGRAMME
BOSNIA AND HERZEGOVINA - MONTENEGRO

Implementation of 2021-2027 CBC programmes: Contribution to the Economic Investment Plan

- Investments in sustainable transport under **Flagship 2- Connecting North to South** and **Flagship 3-Connecting the coastal regions** are expected to support the initiatives related to the development of sustainable tourism in the programme area.
- Regarding the investments in environment and climate, the IPA III BA-ME programme will promote initiatives supporting green transition and the development of sustainable tourism based on the regions' natural environment.

Implementation of 2021-2027 CBC programmes: Contribution to the Green Agenda

Out of the five pillars of the Agenda, three have a special relevance for possible CBC operations, namely:

1. climate action, including decarbonisation, energy and mobility;
2. biodiversity, aiming to protect and restore the natural wealth of the region, and
3. sustainable food systems and rural areas.

Implementation of 2021-2027 CBC programmes: Contribution to the EIP and GA

CHALLENGES:

- Impact on a wider scale could be limited as the overall programme budget is not adequate nor intended for broader investments
